

Four Join Cuno Board

The election of four new directors of the Cuno Engineering Corporation was announced yesterday by Murray McConnel, president. The new directors are Milton H. Glover, senior vice president of the Hartford National Bank and Trust Company; Morehead Patterson, chairman and president of the American Machine and Foundry Company; Gen. Walter Bedell Smith, former Undersecretary of State and Walter Reid Wolf, special partner in Joseph Walker and Sons and former deputy director of the Central Intelligence Agency.
